

# SIMPLIFY YOUR DAY AND YOUR WORKFLOW.

Your day is easier to navigate with our cloud practice management software and mobile app.

# As the sea turtle is nature's best navigator, NaVetor always helps you find your way.

Just as nature finds a way to simplify complex systems, NaVetor makes your workday and workflow beautifully easy. With a complete balance of design and intelligence, NaVetor is the efficient, beautifully easy veterinary software designed to help you navigate your the business infrastructure to your practice.

## Technology that rises above all others.

We're building NaVetor today using advanced cloud technology that can accommodate the workflow enhancements of tomorrow. Always moving forward with new capabilities, integrations and award-winning support from Patterson Veterinary, we aim to help veterinarians practice medicine without boundaries.

## Beautiful software that's also a great value.

Your monthly subscription includes all the features you would expect, plus a mobile app, 24/7 technical support, boarding module, integrations for credit card processing, microchip identification, email messaging and text messaging. Once you're up and running, you're assigned a dedicated Key-Account Specialist for 90 days. We're by your side every step of the way.

## Thoughtful details. Intuitive design.

See a quick snapshot of client and patient activity, with dashboards that consolidate key information. Maintain complete electronic medical records, with SOAP entries, treatment plans, prescription management and more.

Track the health of your business with inventory management, financial reports, automatic charge capture and key performance indicators. Save time with efficient workflows plus integrations you can access without leaving NaVetor.

Quick View Dashboards
